**UNITS 1A – 1E CRANMERE ROAD**  
**EXETER ROAD INDUSTRIAL ESTATE, OKEHAMPTON, EX20 1UE**

**LOCATION:** Exeter Road Industrial Estate is one of Okehampton's principal industrial estates and benefits from easy access to the nearby A30 dual carriageway which provides swift links to Exeter / M4 (approx. 24 miles to the east) and to Cornwall in the west. Cranmere Road lies close to the main estate entrance and adjoining occupiers include LAS Aerospace, National Bee Supplies and Cladco. The town of Okehampton is recognised as a good strategic location for serving Devon and Cornwall, and benefits from a wide range of facilities, serving a local catchment population in the order of 27,000.

**DESCRIPTION:** The property was originally developed as a small unit scheme with the flexibility of dividing into five separately serviced units or a multiple thereof. The terrace is of portal frame construction with rendered cavity block-work elevations under a pitch profile steel roof and having an eaves height of approximately 3.0 metres. Unit 1A is fitted out as an office with a display front entrance and pedestrian door and window. Units 1B – 1E, which are interconnected, are each accessed from the front by way of an up and over loading door. The loading doors to Unit 1B -1E have recently been renewed (1E includes a wicket gate).

To the side of Unit 1E there is an area of land forming an area of approx. 1,078 sq.m (0.27 acre) that slopes down towards the housing estate below. Part of this land is flat at its upper level and benefited from a previous planning permission to extend the building to create a two-storey extension with a footprint of 124 sq.m (1,334 sq.ft). Adjacent Unit A1 there is a dedicated parking area providing 5 additional parking spaces.

Until recently the units have been occupied as one by a logistics company who had outgrown the premises and have relocated.

**SERVICES:** Mains water, electricity and drainage are connected to all units. Units 1A – 1D have a single-phase supply, with Unit 1E having a 3-phase connection. There is currently no mains gas connection on the Cranmere Road Estate. A mains drain runs to the side of Unit 1E.

**PLANNING:** The property benefits from a planning consent for light industrial (B1 & B8) use on an estate used for workshop and warehouse purposes. In 2010 planning permission was granted for an extension of use to B2 general industry and for the extension of floorspace adjacent Unit 1E. In 2019 planning was approved for change of use back to B1 (Light Industry) and B8 (Storage / Distribution).
